- We propose cancelling the quarantine for SEEMOC

- Correct SI card

- Only on the predefined start time – no exceptions, no late starts

# TRAFFIC

- Some parts totally closed
- In other parts all crossings will be guarded
- All controls will be guarded – following the rules (!)
- Obey traffic rules – run on parts, dedicated for pedestrians

# Q&A

- How will artificial barriers look like?  
On the map: Barrier will be drawn with symbol 707.0 (magenta line) and backed up with 709.0 (magenta stripes).  
In the nature: marked with red/white stripes.
- ISSOM 2007 will be used (there is mistake in the bulletin: **not** ISSOM 2017).
- We want to change SI cards for some competitors, can we do that? Yes. As soon as possible. Before 10:00 Saturday morning. If you change SIAC for a competitor, who has gotten it beforehand from the organiser, you should bring SIAC back to the info office.

## Q&A – 2

- Will there be enough place in for cool down? We will enlarge the area if needed. Competitors can leave the finish area to their rooms in the Hotel Cerkno.
- If there is a path thorough the private area like in the bulletin on page 15 it is allowed to be used.
- When are the SIACs returned? In the finish.
